You don't have to tell me she never really loved me
Do you think I don't know that
You say I should forget her
Pull myself together, she's never coming back
You tell me it's time to get over her
That's easy for you to say
You aint saying nothing I don't tell myself every day
Tell me what I don't know
Like where do I go from here
If you really wanna tell me somethin' that'll help me
Tell me how to stop these tears
Tell me how do I forget her
Tell me how to let her go
Tell me how to live without her
Tell me what I don't know
You say that I'll be fine it's just a matter of time
That sure makes me feel good
You tell me all I gotta do is find somebody new
Yeah, I know I should
You say she played me for a fool
What a surprise
And I know you've got good intentions
But if you wanna give me your advice
Tell me what I don't know
Like where do I go from here
If you really wanna tell me somethin' that'll help me
Tell me how to stop these tears
Tell me how do I forget her
Tell me how to let her go
Tell me how to live without her
Tell me what I don't know
Tell me what I don't know
Like where do I go from here
If you really wanna tell me somethin' that'll help me
Tell me how to stop these tears
Tell me how do I forget her
Tell me how to let her go
Tell me how to live without her
Tell me what I don't know
Tell me how do I forget her
Tell me how to let her go
Tell me how to live without her

Tell me what I don't know
Tell me what I don't know
Tell me what I don't know
