Chorus

Dame Grease:

I said we slid off the bar and we drunk off the Cru

Now we back at the telle

(Just put it in her ass)

Yeah we took her on a tour

And let the wavy girl twirl in the back of the ride

(And then she took it in her ass)

I said Dour brought the freak yeah she blew Pac down

Made him say, oh-oh oh-oh oh-oh

And now my Gain Greene team just threw 100 thou

Lil' mama what ya say

(Just put it in ya ass)

Ohhhhh

(Just put it in ya ass)

Ohhhhh

(Just put it in ya ass)

Ohhhhh

(Just put it in ya ass)

Ohhhhh

(Just put it in ya ass)

Verse 1

Al Pac:

This one for the cuties who take it in the booty

The way we'll go at it we can start our own movie

Ma I won't lick it, just wanna stick it

Put the game, watch showin', knowin' that ya wit' it

Promise not to hurt ya, relax be cool (be easy)

Beatin' up the kitty just to get you in the mood

Doggystyle position, put it in slow

Back that ass up shorty, take it like a pro

Reverse Cowgirl, she ride it like a sports car

Lady in the streets, but in bed she a porn star

Long Don Al Pac, leave that ass gaping

Once I'm done wit' it then I pass off to Jason

Double penetration, ma that's a no-no

Lovin' all the freaks who let me put it in they bunghole

Head game crazy, kitty real tight

And listen to the hook, this what I want for the night

Talk to 'em Grease

Verse 2

Mac Mustard:

What you want me to say, you been talkin' 'bout it all
night
How it never was done to you but you heard it was
alright
I can show you what's it all about
Put this gun to ya mouth, before and after I dig it out
Hit the bathroom and spit it out
Don't think I'm infatuated with pokin' brown eyes but
you so in debt
That you make it sound nice, let's raise the sound bites
Dog it like a hound might, inject it off hard white
Probably can't sit for a week, let's put it into the speech
Then figure out a place we can meet, I love your
physique
Put your money where ya mouth is
And bring a couple Magnums kuz we leavin' without
kids
We leavin' with out bizz, get the tape, no way
See her wipin' yum off her face, I was good from the
gate
And all she kept saying on the ave
Was she want suttin' new, I told her put it in her ass
