(Powderfinger/Fanning)

At quarter to nine
my plus one decides to make her arrival
i'll say what i like
at the end of the night for social survival
i'll cut you to size
then apologise and make an impassioned plea
there were no docken parks
i had to walk in the dark i wasn't myself you see
here i am again you know
here i am again in for free
missed the backing band you know me
here i am again in for free
i know i sound trite
but i get off on things like it's tehre sophomore album
i don't know what i mean
but i'm part of the scene i know a guy from the Melvins
i came to do a review
i had to wait in the queue i just can't believe it
don't you know who i am
i work the street paper scam i can't you don't read me
here i am again you know
here i am again in for free
missed the backing band you know me
here i am again in for free
here i am again
here i am again
