"Long Way To Go"

Visit "[Long Way To Go](#)" on MotoLyrics.com

Don't look back just decide and move on
Cause you're wasting my time girl we just dont get on
Don't wait here for the climate to change
Picking over the bones of the love that remains

I feel ive got such a long way to go
We got lost on the winding road
I feel its just such a long way through
So if you let go of me then I'll let go of you

Don't resist just relax and let go
You can tend to the seed but you can't make it grow
Don't invent a new way to hold on
'Cause your testing my patience you just don't belong

This time i'm gone
This time i'm gone

I feel ive got such a long way to go
We just got lost on the winding road
I feel its just such a long way through
So if you let go of me then I'll let go of you...
