Tell me where I'm, supposed to begin  
An unhappy life working some kind of dead end job  
But everything you thought you had  
Has gone from worse to bad

Lean to the side, whisper it quiet, the end is in sight  
Workin' all night around the clock  
But everything you thought you had  
Has gone from worse to bad

But it's not, my kinda scene, oh yeah  
Footprints on the other side  
Remind, me where I've been, oh yeah  
I'll watch from the other side

Tell me where I'm, supposed to begin  
An unhappy life working some kind of dead end job  
But everything you thought you had  
Has gone from worse to bad

So I'll just wait and watch the wheels  
While you're turning back

But it's not, my kinda scene, oh yeah  
Footprints on the other side  
Remind, me where I've been, oh yeah  
I'll watch from the other side

Ooh, throws me over and it drags me under  
Ooh, throws me over and it drags me under

Tell me where I'm supposed to begin  
An unhappy life working some kind of dead end job

Alright, I'm alright  
Alright, I'm alright

But it's not, my kinda scene, oh yeah  
Footprints on the other side  
Remind, me where I've been, oh yeah  
I'll watch from the other side

But it's not, my kinda scene, oh yeah  
Footprints on the other side  
Remind, me where I've been, oh yeah
