Who's gonna pick you up?
Who's gonna bend your rules?
Who's gonna be your prop?
Who's gonna play your fool?

Nobody knows just how it feels today
Nobody sees how our hearts break

Who's gonna watch your back?
Who's gonna reel you in?
Who'll make surprise attacks?
Who's gonna be there at the end?
Nobody knows just how it feels today
Nobody sees how our hearts break

Who's gonna bring you round?
Who's gonna let you sleep?
Who's gonna break frown?
Who's gonna fall down at your feet?

Nobody knows just how it feels today
Nobody sees how our hearts break
