Bucks too hard plays too rough,
2000 pounds of dangerous stuff,
The way he looks he wants to tear me apart,
But the way he throws me nearly stops my heart,

If the bulls dont kill me,
Dont put me six feet down,
I'll be last man standin on top of the hill,
If the bulls dont kill me then nothin will,
yeah

My doctor told me i look kinda ragged,
He said what happened boy did you fall off the wagon,
I said it aint my drinkin or my smokin doc,
I'm just hangin on for life tryin to beat that clock,

If the bulls dont kill me,
Dont put me six feet down,
I'll be last man standin on top of the hill,
If the bulls dont kill me then nothin will,
yeah

Every night, I cinch it up
I just cant seem to get enough

And If the bulls dont kill me,
Dont put me six feet down,
I'll be last man standin on top of the hill,
If the bulls dont kill me then nothin will, nothin will
nothin will]
if the bulls dont kill me nothin will
