Broke my shoulder on a bull in Omaha  
Guess it was just another unlucky draw  
I got three days to heal before I buck in Cheyenne  
Lord have mercy I'm an addicted man

Now I'm drivin' fast I left everything behind  
I can't stop I swear I've lost my mind  
It's killing me a little more every time  
But I gotta keep ridin' to keep me, to keep me alive  
yeah yeah

I pawned my buckle in a panhandle town  
Entry money for the next go round  
Don't hardly eat don't sleep anymore  
God knows what I do it for

Drivin' fast I left everything behind  
I can't stop I swear I've lost my mind  
It's killing me a little more every time  
But I gotta keep ridin' to keep me, to keep me alive  
yeah

Someday when they lay me to rest  
They're gonna say things like this I bet  
They'll say "Here was a man who live for the show"  
"He couldn't hang on and he couldn't let go"

Now I'm drivin' fast I left everything behind  
I can't stop I swear I've lost my mind  
It's killing me a little more every time  
But I gotta keep ridin' to keep me, to keep me alive  
To keep me alive, it keeps me alive
