(yeah)(huh)(yeah)

It takes guts to mount up
On the back of a big cuss
Gettin' tore up from the floor up
I'm gonna push my luck

Pull the gate and try to make eight
On an earthquake high stakes
It makes your bones ache
hey, hey

I'm losing all control
You know I'm gonna stomp, kick
I gotta get a good grip
And set it off like a rocket

Yeah, I'm going to the moon and back again
Baby what a wild trip
I'm crack-a-lacking like a bull whip
I'm tied down with a tight fit

Yeah it's a rockin' roll rodeo
You know I'm gonna
S-S-Stomp
Yeah

Like a whirlwind gonna spin
Tuck full of adrenaline
K-Kick it in
Here we go again

Oh like nitro gonna blow
Up like pyro baby 'fore the big show
Come on like a diamond oh
What a way to go
Crowd is losing all control
You know I'm gonna stomp, kick
I gotta get a good grip
And set it off like a rocket

Yeah I'm going to the moon and back again

Baby what a wild trip
I'm crack-a-lacking like a bull whip
I'm tied down with a tight fit
Yeah it's a rockin' roll rodeo
You know I'm gonna
Stomp

You know I'm gonna stomp, kick
I gotta get a good grip
And set it off like a rocket
Yeah

I'm going to the moon and back again
Baby what a wild trip
I'm crack-a-lacking like a bull whip
I'm tied down with a tight fit

Yeah it's a rockin' roll rodeo
You know I'm gonna
S-S-Stomp

Yeah
Yeah, yeah, yeah
You know I'm gonna, you know I'm gonna
Stomp
