Plug in your head
Shut off your mind
Let all your thoughts
Get redefined
Escape yourself
And disconnect
To where you've been
And haven't yet

Somewhere on the other side of nowhere
That's where we're going and you'll know when we get
there
Somewhere on the other side of nowhere
That's where we're going now

Electric dreams
Electrified
Of burning lights
In liquid skies
Robotic gods
Will radiate
Into the lives
That they create

Somewhere on the other side of nowhere
That's where we're going and you'll know when we get
there
Somewhere on the other side of nowhere
That's where we're going now

Somewhere on the other side of nowhere
That's where we're going and you'll know when we get
there
Somewhere on the other side of nowhere
That's where we're going now

Maybe we're not alone

Plug in your head
Shut off your mind
Let all your thoughts
Get redefined

Escape yourself
And disconnect
To where you've been
And haven't yet

Somewhere on the other side of nowhere
(Somewhere)
That's where we're going and you'll know when we get
there
Somewhere on the other side of nowhere
(Somewhere)
That's where we're going now

Somewhere on the other side of nowhere
That's where we're going and you'll know when we get
there
Somewhere on the other side of nowhere
That's where we're going now
