Waiting in silence
For your vengeance
Waiting in silence
For your judgement
Avoiding your eyes
Faking a smile
Avoiding your Heart
And what kept me sane
What gives good conscience
Can be so far from the Truth
Knowing in Silence
That the choice I made was cruel
What we want
Is not always meant to be
Trying to find my path
My never ending Karma

Everything I tried to hide
From your eyes
Everything I tried so hard

For God's eyes

Fearing in Silence
That the choice I made was wrong
Waiting for answers
I might never get until I die

Welcome to The other side
It's God's pride
Everything that made us cry
Will make us smile

Everything I tried to hide
From your eyes
Everything I tried so hard
For his heart

Welcome me to the other side
It's God's pride
Everything that made us cry

Will make us smile
