Boys cry when no one can see them
When no one can see them cry
No one can see them cry

Boys cry when their hearts are broken
When their hearts are broken by
Someone who says "Goodbye"

When a boy gets hurt by a girl
His feelin's he will hide
When he acts tough, sure enough
It's a sign he's soft inside

Boys cry when no one is near them
When no one can hear them cry
No one can hear them cry

Don't you know how it hurt when you let me go
Did you think I'd forget that I loved you so
Didn't you know that

Boys cry when no one can see them
When no one can see them cry
No one can see them cry

When a boy gets hurt by a girl
His feelin's he will hide
When he acts tough, sure enough
It's a sign he's soft inside

Ooh, boys cry when no one is near them
When no one can hear them cry
No one can hear them cry

Boys cry when their hearts are broken
When their hearts are broken by
Someone who says "Goodbye"
