Get lost, but get lost in my arms
Get lost a-showin' me your charms
Get lost, lose yourself to me, never, never run away
'Cause I'm a-gonna sit and cry if you get lost

Get lost, but get lost in my love
Get lost in what I'm a-thinkin' of
Get lost, lose your lips to me, never, never run away
'Cause I'm a-gonna sit and cry if you get lost

Stop struttin' around with your head in the clouds
And your heart at the bottom of the sea
Your searchin's ended now
You're lookin' for a lover and the lover is me

Get lost in what I'm a-gonna say
Do I gotta get a shotgun and make you name the day
Get lost, lose your love to me, never, never run away
'Cause I'm a-gonna sit and cry if you get lost

Stop struttin' around with your head in the clouds
And your heart at the bottom of the sea
Your searchin's ended now
You're lookin' for a lover and the lover is me

Get lost in what I'm a-gonna say
Do I gotta get a shotgun and make you name the day
Get lost, lose your love to me, never, never run away
'Cause I'm a-gonna sit and cry if you get lost
Umm-hum, yes, I'm a-gonna sit and cry if you get lost
