She say she leavin, she ain't never coming back
everything was in her bags,
guess it's a rap, I ain't even get the ass,
why we didn't make it, it's time changing
feel like we need us, no longer lovers
no longer sharing covers,
I can get my brain around this shit,
and fuck I need another blunt,
but she was all I want, ain't another one I loved,
that's why I straight from these relationships,
'cause that pain when the shit done
and we right back as the way it once
and it navigate two fucks about this bird of wish
it came from but you walked into my life,
reckon over night, but a lot of things on ice,
hating out she left, 'cause was once love at first sight
train travels, room service, we can take it flights
they said how this things get when two people ain't
right

Chorus:

I don't know why you gave my love away
I guess I can't help you
maybe we can get it back one day,
I know I need help to,
and despite who was ever wrong,
I can't believe that you're really gone,
because in my mind, it doesn't feel right
it doesn't feel right, yeah.
Said it doesn't feel right yeah, girl

And I think of for every time that I write like this
think I'm back on the little thing if that's the shit I miss,
like the time you was in the kitchen you burn the bricks
kick off the shit, but you put that foot in that..mix
was good for something and..crazy still view the..lady
she got high with me, fly with me and never try to play
me
we fell apart and never 'cause coexistence is more
than love,
this day a neige, money was really driving us,

could drive two people apart, she took the whole
control up
chose a different lane, no we won't be the same,
the sacrifices we make, to get this fucking change
the sacrifices we make to play this dirty game,
I lost one my heart pump so hard for I hope she reach
her dreams
and everything she work hard for she a..Lord I swear
I swear I give her my life, but now it ain't that time,
like the one day we ride.

Chorus:

I don't know why you gave my love away
I guess I can't help you
maybe we can get it back one day,
I know I need help to,
and despite who was ever wrong,
I can't believe that you're really gone,
because in my mind, it doesn't feel right
it doesn't feel right, yeah.
it doesn't feel right.
It's just doesn't feel right.
