I can't explain to you how special this has been for me
This should have been a pleasure!
Somebody gotta win it, somebody gotta lose
Sometimes you gotta fight, sometimes you gonna
bruise
I was out for the... got back on my shoes
Far from my dreams, broke all the rules
Somebody gotta win, somebody gotta lose!
Sometimes you gotta fight, sometimes you gonna
bruise!

Flown like blowing the dice
Rolling tricks breaking the night
Way our dreams is caught by the slice
I want it all, so that will suffice
Cause I didn't sleep until the sun rose
Mom asked me where I've been, pops said "don't come
home!"
And I was ignorant all night with a rhythm..
Counting this money for purpose and nigga spending
it.

Somebody gotta win, somebody gotta lose!
Somebody's gotta play the fool! Hey!
Play the fool!

I ain't never seen a benefit from 9 to 5s
Gotta connect, working packs, that's how I survive
Blinding my eyes, smoking...
I call these niggas my brothers, I owe these niggas my
life!
And they believed what a motherfucker did it
If you know me, then you know that I'mma do this till
I'm finished
And I came out about 'em trenches, but the thirst is
never clenched
The enemy upon us, gotta lead 'em niggas drenched.
Dense Cush break a quarter, shit the antidote
Crawl us vanilla Dutch, sink into the..
Like the hem was smoke,
suicidal dogs and Tennessee is growing greater

cause time is seem to be off
Seems to be bought by the talent...
No balance how you versatile, couldn't even work a
crowd
Stuck in limbo, faded dreams that won't let me down
Just took me longer to get where I'm riding now!

Somebody gotta win, somebody gotta lose!
Somebody's gotta play the fool! Hey!
Play the fool!
Somebody's gotta ran, somebody's gotta cry
Somebody's gotta calm us down!
Somebody's gotta win!
