Ohhwahohh, ohhwahohh
I got my middle up screaming homicide
I made it out alive, them other niggas is dead
They all gave out God, couldn't handle the pressure
..when you're up here,
your heart gotta beat for them cold winners!
I've seen them mount and talk
And from that mountain drops
Made it back or nothing, but gotta love what's tough!
Getting back to the artist.. my arteries
The blood that flow throw me was transfused from
all thee
So roll them doobies up, think it all like Scooby truck
Soaking in inspiration, higher powers move with us
Recognize Renaissance, you see divine intervention
as a way you can climb taking a few
Once in the blue, watch the hue where the sky changes
Sunsets all look West, weighting on the time change
The way I'm over there, looking back on how my time
came
Niggas in my rear view, fuck how I define..
And they chase us still, I know they hate the few
Like they're stuck in place, and we trade the...
Cause that's what faded dreams is
Million dollar thoughts from a random street kid
Tell the story of his life through the pain that he grips
Was a rose in the ashes, from his death the kid lives.

Risen from the concrete, falling from the sky,
They try to cut my ashes, but I earn what's inside
I jump from the Heavens not knowing I will die
Where I landed is hell, I burned trying to fly
Risen from the concrete, falling from the sky,
They try to cut my ashes, but I earn what's inside
I jump from the Heavens not knowing I will die
Where I landed is hell, I burned trying to fly

Thought the fly...
So the dreams I would make it to the top
To the top, watch some bottom niggas rotten
So I'd do it all along, I had fifty in pot

And blew it faster than Tony did, you only live once
Poor excuse for this loneliness!
He has been the holiest niggas is sinning
It don't matter how you did when niggas is winning?
Illing, how to... the bottom million
Got high, hell high, I ain't ever knew what's ceiling
Me and my potential is greater than any niggas
Where I'm from, I burn this town, they call me jiggle!
