Leave you strong..in my ..

champagne poured in my boll over serio
real ignorant life style belligerent
you don't know how the shit feel till you're living it
live the revolution mind state is execution,
how great I please polluting so slang will make a
mutton
kush fire, push light dire won't fire, book rider,
pull nighters for this money chug nature,
good nice when the henny blow and sticky rain
a marathon on my tree hustle like nipsy
good kali book, right stali up
getting tear it up, name my nigga bad is up
say my day was said a modern day in this hey
white bitches on my dick and I give em flay
trill nigga get it poppin like kid and play, pitchin yey
vocals on my beat like I'm sniff in cane
trippin and arrange, get this sled rain,
og told me that the shit will never be the same
I'm in a different lane swerving in the car pool
shark full I'm killin will chillin on em..
you can't stop me, the flow cocky
I don't came from the bottom up on stairs like rocks

Hook:

Still tippin', getting paid,
still flippin', I don't know no other way
still tippin, getting late,
hell of bitches I've been fucking up for days.
Still tippin', getting paid,
still flippin', I don't know no other way
still tippin, getting late,
hell of bitches I've been fucking up for days.

And I puff that fat boy it's the truth,
any nigga get the tripping dump shit enough this roof,

leave in top and say bitches with big boo
is that..for even thinking ya'll commit the rules
what the fuck but this coward niggas
kill em too and wait before you ..had the juice,
any but no juice of join the gamble pool
with my niggas and the three piece ..the great suit
still tippin in that kali with the peanut but the guts,
sporadic bitch want me to slide deep bumpin the bush
she told me it was laugh, I told em it was lust,
she said whatever it was she wanted to fuck,
so I humble and took a hup on the offering
nickname the..and told me she don't through this often
I want thousand..you niggas often
I bought them, I'm trying to get tune sheets are of them
