You're the one for me
When you're not with me
Baby I can't breathe, I'm lost without your love
Got me sitting here, all these memories
Your face is all I see
Think I'm losing it, cause I am up in this bed
The smell of your perfume on my pillow
Think I'm going back, saw you ling in here
Is my mind playing tricks on me

[Chorus]

You're the one I need, the one my heart beats for
I'm lost without your love
And it hurts badly
Tu eres para mi, yo quiero que se as mi corazon, tu
eres mi vida
And it hurts badly

Fooling around and wasted my time
Man I must have been blind
Was looking for true love
It was standing right in front of me
And I couldn't see, don't know what you have till it's
gone
Going out of my mind, then I finally realized
She was the one that changed my life forever
And ever, and now I can't live without your love

[Chorus] x 2

You're the one I need, the one my heart beats for
I'm lost without your love
And it hurts badly
Tu eres para mi, yo quiero que se as mi corazon, tu
eres mi vida
And it hurts badly.
