Pick me up, I'm ready
And take me down, downtown
Down the underground
Shaking, can't get steady
Baby, calm me down
Calm me down

(This addiction knocks upon my door)
This addiction is knocking upon my door
I crawled back to you, sweating through my clothes

Pick me up, I'm ready
And take me down, downtown
Down the underground
Shaking, can't get steady
Baby, calm me down
Calm me down

Sing along with me
Electricity is running through our feet
Every time we meet

Look out, look out, look out, look out
When these two get together
Tonight, tonight, look out tonight
This night goes on forever

I made a promise to myself that I'd clean up
But every time I get a taste, I can't get enough
And now I'm on my knees
(And I smell electricity)
And I ain't even saying please
(Give me some ecstasy)

Sing along with me
Electricity is running through our feet
Every time we meet

Look out, look out, look out, look out
When these two get together
Tonight, tonight, look out tonight
This night goes on forever [x2]

Tonight, tonight, look out tonight
