Dude What Happened Last night...?

Lightening Strikes Me Down  
I'm On my knees  
I can't write it out

But I'll show you what I mean  
and the words they will drip down your cheeks  
and im able to read them out and they spell out  
"Lets Just Be Friends"  
Four simple words that we keep ignoring  
Again and Again as we...  
(As is we never meant it)  
Baby, lets leave them all for dead,  
All those thoughts inside your head  
Can be realitiy so let yourself believe  
My life is a cross  
Of a fire and a stampede  
I'll burn inside, you still run after me  
Yeah, we'll find out, how it feels to burn alive  
You and me girl, let's set ourselves on fire  
(as if we never meant it)  
Baby, Lets leave them all for dead  
All those thoughts inside your head  
They can be reality, just let yourself believe  
Oh yeah, we don't care who finds out,  
Tonight is all that matters right now  
Let's go, once more, down to the dance floor  
Make me sell my soul for more  
(even when we fall aleep together)  
(even when we fall lseep together)  
(as if we never even meant it)  
Baby let's leave them all for dead  
All those thoughts inside you head  
Can be reality, just let yourself believe,  
I feel your body radiate, in the lighteining we create  
So let yourself believe  
Oh yeah, we don't care who finds out, tonight is all that  
matters right now  
Let's go once more, down to the dance floor  
Make me sell my soul for more
