"Raise Your Fist, Evangelist"

Visit "[Raise Your Fist, Evangelist](#)" on MotoLyrics.com

We wait for the call to break down the wall and fight for
the end of days
We conquer the land with the bible in hand
The glory of war and praise
Are you praying for the final grace?
With power and pride, and god on our side we follow
the holy way

Stand and scream for all the world today

Raise your fist, evangelist!
Raise your fist, evangelist!

Get down the roar we march into war
We strike down the enemy
In triumph of Christ no pagan survives
To hell if you don't believe

We raise in the name of god
