Deep in my mind,
I know, I'm not alone,
Show me the sign,
'Cause I'm trippin' like a stone,
Deep in my mind,
I can find my way back home,
There's a light,
Deep in my mind,
I know, I'm not alone,
Show me the sign,
'Cause I'm trippin' like a stone,
Deep in my mind,
I can find my way back home,
There's a light at the end of the tunnel.

Now everybody.

Energy from your fingertips,
It's my mind in time forever,
Thought we get more eternity,
My soul ain't in my heart.

Deep in my mind,
I know, I'm not alone,
Show me the sign,
'Cause I'm trippin' like a stone,
Deep in my mind,
I can find my way back home,
There's a light,
Deep in my mind,
I know, I'm not alone,
Show me the sign,
'Cause I'm trippin' like a stone,
Deep in my mind,
I can find my way back home,
There's a light at the end of the tunnel.
