Tonight I see you walking down the avenue
And I recall the love we knew
Every little things you do
I wonder if you miss me too

Still wanna be your lover
So I could feel a little better
Don't wanna love another
It's getting stronger
You walking down the avenue
I can't take my eyes off of you

How I really wanna love you little girl
I'm lost without you in this world
When you walk I keep on holding on
I will keep on keeping on yes I will little girl
I will keep on holding on
To your love

Yes I need you darling
With all my heart and soul
And I still miss your kisses baby
When that evening shadow falls on Paris
I can't believe this is the end
No it can't be true
Please listen to my prayer
That's all I gotta say !

I really wanna love you little girl
I'm lost without you in this world
When you walk I keep on holding on
I will keep on keeping on yes I will little girl
When you walk I will keep on holding on
To your love

When you I can't take my eyes of you baby
When you talk I don't beleive my ears

When you walk I'm down on my knees
When you walk you walk
