Verse 1.

I knew a boy that tried  
To be a man that you all just liked  
He tried to climb too high  
He tried to be all at once  
But now he's trying to make things right  
He's trying to live his life  
And this is the time

To open up your eyes, right now  
Don't you want your pride to shine now  
And don't you want to fight, right, now  
For a better life

Then you better, open up your eyes now  
You better open up your eyes

You better open your eyes now  
Open your eyes  
You better open up your eyes  
Open your eyes

You better open your eyes now  
Open your eyes  
You better open up your eyes  
Open your eyes

Verse 2.

There was a time I tried  
To be a man that you all just liked  
I couldn't find my pride  
I tried to be all at once  
But now I'm trying to make things right  
I'm trying to live my life  
And this is the time

To open up your eyes, right now  
Don't you want your pride to shine now  
And don't you want to fight, right, now

For a better life

Then you better, open up your eyes now  
You better open up your eyes

You better open your eyes now  
Open your eyes  
You better open up your eyes  
Open your eyes

You better open your eyes now  
Open your eyes  
You better open up your eyes  
Open your eyes
