Tell it to my heart
Don't you keep it up
Tell it to my heart
We don't need to stop
Tell it to my heart
You'd better keep it up
Tell it to my heart
And don't you ever stop

To my heart, to my heart
To my heart, to my heart

We don't need to stand alone, feel the rhythm
Night along got a brothers and sisters.....
We don't need to stand alone, feel the rhythm
On the streets there's a beat feel my body movin

It's up to you, it's up to me
We're living life don't speak I feel
We never know the place to go
For having find peace of mind
Don't ask me why, don't even try
Ain't got no meaning anymore
Behind I try so deep inside
I try to solve we're living for

Gotta hold on, won't you play the part
Never joke and less with someone's heart
My heart
Tell it to my heart

Yeah to my heart, yeah to my heart

You take my hand and wrap my soul
You move, you stand and take control
Keep it moving round and round
Dream at night I'm falling down
Don't say it's wrong, don't say it's right
Don't let my beat go any more
We had a pride so deep inside
I try to solve we're living for
