You Got Me Down, you got me down
Can't afford to wait another day
And I'm not about to give it all away again
Not for anyone

You knock me out, well you knock me out
And I feel as if it's all just been a waste
There were times before when I would grin and bear it
all
Not anymore
No not anymore

And where will you go
Now you're floating on the roof of the world
What a drag
You're the star of your own one man show and it shows
That you're willing to go
To the ends of the earth to be someone

You cut me down, well you cut me down
For a minute there I thought I got away
Is a life time long enough to make a change
For anyone
No not for anyone

And where will you go
Now you're floating on the roof of the world
What a drag
You're the star of your own one man show and it shows
That you're willing to go
To the ends of the earth to be someone
To be someone

And where will you go
Now you're floating on the roof of the world
Floating on the edge of the earth
What a drag
You're the star of your own one man show and it shows
That you're willing to go
To the ends of the earth to be someone
You oughta be someone

Do you wanna be someone
Do you wanna be someone
