We've all got something to hide from each other
We've all got secrets and lies to discover

On days when the sun won't shine and you feel fucked
up by it all
Well you're a songbird, and you won't sing anymore

We're all just part of one scene or another
We've all been trying too hard to recover

From days when the lights won't change and you feel
cut up from it all
Well you're a songbird, and you won't sing anymore

And how does it feel to be right
Just some other time
How does it play on your mind
And tell me how does it feel to be the last two people
alive

On days when the sun won't shine and you feel fucked
up by it all
I swear that I won't say
All the wrong things
It's a good day
To say nothing
You're a songbird, and you won't sing anymore

It's a good day
It's a good day
It's a good day
To say nothing
