### "Inside My Cave"

Visit "[Inside My Cave](#)" on MotoLyrics.com

Here I am inside my cave  
Far away from what can hurt me  
From the man and from the men  
No way I'm living there ever again  
Like in my mum's belly I lay  
Only this time I'm here to stay...  
And the storm has come again  
Some will say that it is scary

Me I know nature won't betray  
No way I'm living there ever again  
Like in my mum's belly I lay  
Only this time I'm here to stay  
There is some room for you  
So come close and I'll be sure  
That I can take care of you...
