Hello Johnson, your mother once gave me a lift back
from school
That's no reason to get so excited
I'd been playing football with the youngsters, Johnson
says
?Don't dramatize and you can't even spell salacious?

In a corvette with such a pretty widow
But wheels aren't there to be looked at
And it's cheap to say that she's delicious
When she's someone's daughter

Horse chimes so stupid and so mean
On the offensive all wolf whistle and jeans
Horse chimes they neigh they never bell
All straw and piss they never kiss but tell

Horse chimes, coarse times are here
And don't I know it, and I'm ashamed
And you won't say it, that we're to blame
And I must change

There is a saying tailor made for her she is the apple of
your eye
Lord, don't smother her in soapy feelings
You buy a pedestal only to rest it in a wheelchair
Beauty can't be beauty 'till it's dying

And I think I'll die unless I kiss you
Please don't murder me
Hark I hear the ghost of feeling leaving
And you know what pushed her

Horse chimes so stupid and so mean
On the offensive all wolf whistle and jeans
Horse chimes they neigh they never bell
All straw and piss they never kiss but tell

Horse chimes, coarse times are here
And don't I know it, and I'm ashamed
And you won't say it, that we're to blame
And I must change
