Standing on the boulevard  
You wish to know my name  
I'm the Ice Maiden  
I think perhaps you like being unhappy  
I'm the Ice Maiden, the limit of your dreams

Arctic winds blow and still you believe  
Loves makes you one of the chosen  
Die in the snow, I'll never grieve  
So what if tomorrow you're frozen  
Death is a small price for heaven

Welcome to the glow of high octane affairs  
Esperanto style and blonde disheveled hair  
Subterranean streams, duckling you're a swan  
Infinities of dreams imploding into one

All those nights I dreamt of you  
I wonder where they've gone  
You're the Ice Maiden

Standing on the boulevard  
I've always known your name  
You're the Ice Maiden  
Let you and I grow frosty together

You're the Ice Maiden, today you meet your match  
Girl when I burn, hell nothing's the same!  
I'll singe your pretty blonde lashes  
We're talking fire, we're talking flame  
We're talking ice into ashes  
But death is a small price for heaven

All those nights I dreamt of you  
I wonder where they've gone

Girl when I burn, hell nothing's the same  
I'll singe your pretty blonde lashes  
We're talking fire, we're talking flame  
We're talking ice into ashes  
But death is a small price for heaven
