My love and i, we work well together  
But often we're apart  
Absence makes the heart lose weight, yeah,  
Till love breaks down, love breaks down

Oh my, oh my, have you seen the weather  
The sweet september rain  
Rain on me like no other  
Until I drown, until I drown

When love breaks down  
The things you do  
To stop the truth from hurting you

When love breaks down  
The lies we tell,  
They only serve to fool ourselves,  
When love breaks down  
The things you do  
To stop the truth from hurting you

When love breaks down  
The things you do  
To stop the truth from hurting you  
When love breaks down,  
Love breaks down

My love and i, we are boxing clever  
She'll never crowd me out  
Fall be free as old confetti  
And paint the town, paint the town

When love breaks down  
The things you do  
To stop the truth from hurting you  
When love breaks down

The lies we tell,  
They only serve to fool ourselves,  
When love breaks down  
The things you do  
To stop the truth from hurting you

When love breaks down  
You join the wrecks  
Who leave their hearts for easy sex

When love breaks down  
When love breaks down
