Help me to remember girl if you don't mind  
Well I feel just like the jester when the music died  
Haven't seen you lately,  
But I know that nothing's changed

Feeling kinda shaky but the wounds have healed  
There's a crack there in the doorway where the walls  
have peeled  
And I still see the sunrise, on a clear day

(chorus)  
Here comes horses  
There goes the rain  
Here goes nothing, here it comes again

I was thinking I was angry but I'll let it go  
I was waiting on a miracle but nothing showed  
And they say our new messiah  
He's at the local bar

Greetings from the homefront have you heard the  
news  
That daddy bet his paycheck on the horses shoes  
And we won't feel that way for a long long time

(chorus)

Sitting in a taxi at the evenings end  
I was trying to remember where it was I'd been and  
Whether I've got someplace to be

I ask you why you come here you say just because  
I guess I could do without it if I knew what it was well  
It really doesn't matter, when you look at me that way

(chorus)
