Every time I look into your eyes  
I see the things that you try to hide  
With all pain that is bleeding through  
With all the memories haunting you

In the end there will be nothing left  
With every memory you will forget  
With all the pain held deep inside  
Can I be healed this time

Healed this time!!!

As the tears run down your face  
You wish for me to be replaced  
With all the pain behind every smile  
Influenced from all your fucking denial

In the end there will be nothing left  
With every memory you will forget  
With all the pain held deep inside  
Can I be healed this time

Can it be healed  
Can it be healed  
Can I be healed THIS TIME

The pain of the sharpest knife (sharpest knife)  
Goes through the back of my mind (my mind)  
Is this the end of what we had  
In a dream (in a dream, IN A DREAM)  
Or the fairy tale gone bad  
Every time when I look in your eyes  
I see (I see, I see) it all

I SEE IT ALL!!!!

In the end there will be nothing left  
With every memory you will forget  
With all the pain held deep inside  
Can I be healed this time
