Catch me, come let me love you,
Come let me find You together as one
Catch me come let me feel you,
Come let me heal you 'Cause you are the one

Call me, find me, say my name
Since the first time we touched
We've lost so much so let me find your heart again
See me touch me hold me close
Love means what it seems and seems what it means
But did we ever really know

Refrain:

Catch me, come let me love you,
Come let me find You together as one
Catch me come let me feel you,
Come let me heal you 'Cause you are the one

See me touch me hold me close
Love means what it seems and seems what it means
But did we ever really know
Come and take my hand to start love once again
Search me and find me to love me
Again

Refrain:

Catch me, come let me love you,
Come let me find You together as one

Catch me come let me feel you,
Come let me heal you 'Cause you are the one
Catch me, come let me love you,
Come let me find You together as one
Catch me come let me feel you,
Come let me heal you 'Cause you are the one

Leave my dreams and get into reality
Show up now to be the face that I see
Fill my life with Peace and Variety
Cross the floor to where I met you before

Refrain:

Catch me, come let me love you,
Come let me find You together as one
Catch me come let me feel you,
Come let me heal you 'Cause you are the one
Catch me, come let me love you,
Come let me find You together as one
Catch me come let me feel you,
Come let me heal you 'Cause you are the one
'Cause you are the one'Cause you are the one
'Cause you are the one
