Girls in the house

Girls in the house, Get a boy see you later
Give me all you've got, get a love generator

Girl in the house get a boy see you later
Everybody's up for it anyway.....

Sundown come round, can't stop the sound
Hold tight, tonight, really really gonna right the
sound

We've got the hole room jumpin'
It's time for us to make some noise
Look out we really something
Just let it go, cause we said so

Chorus:

Girl in the house get a boy see you later
Everybody's up for it anyway
Give me all you've got, get a love generator
Rockin' with the girls in the house

Girl in the house get a boy see you later
Everybody's up for it anyway
Give me all you've got, get a love generator
Rockin' with the girls, rockin' with the girls,
Rockin' in the house

Rockin' with the girls in the house...

Sundown come down, shake you down to a lost and
found
Sublime main line 'til another space and time

Come on and feel it
Better believe it
Raising the ceiling
Just let it go, cause I said so

Girls in the house, get a boy see you later

Give me all you've got, get a love generator

Chorus:

Girl in the house get a boy see you later
Everybody's up for it anyway
Give me all you've got, get a love generator
Rockin' with the girls in the house

Girl in the house get a boy see you later
Everybody's up for it anyway
Give me all you've got, get a love generator
Rockin' with the girls, rockin' with the girl,
Rockin' in the house

Rockin' with the girls in the house...

Everybody's got to rock'n'roll
Let the music come and take control
We're on the edge but we feel no fear
We've gonna jump cause the party's here
And give it all we got 'til the morning comes

Chorus:

Girl in the house get a boy see you later
Everybody's up for it anyway
Give me all you've got, get a love generator
Rockin' with the girls in the house

Girl in the house get a boy see you later
Everybody's up for it anyway
Give me all you've got, get a love generator
Rockin' with the girls, rockin' with the girl,
Rockin' in the house

Rockin' with the girls in the house...

In the house...

In the house...

Rockin' with the girls in the house...
