I hear the waves  
Far beyond the dunes  
My grey and hazy surf  
They sound like merry tunes  
They've been leading me  
Here for many years  
So please don't speak a word  
For the sea has many ears

My dear, come to the sea  
Let's watch the sun descend  
Just for a while, pretend  
That all we are is here  
My love, come to the sea

To where we always went  
When we had to pretend  
Like shining stars we'll be

A cool and salty breeze  
To moisturize your lips  
So come and have a seat  
And let me take a sip  
Let's taste the gloomy air  
So cool and fresh and dark  
Then touch my floating hair  
And kiss me, take my heart
