[Hook]

It's a concrete jungle, filled with lions, tigers and bears
Animal instinct, they kill you if they smell fear
It's a concrete jungle, ain't noth but lions around here
Rats and snakes nigga, they'll get your ass 100 years
It's a concrete jungle

Red bottoms with the cheetah print
Chopper have your ass runnin like a cheetah bitch
Whole lot of racks in my joint
They told the feds red do numb
Hop a ball and all them 20 summers
I don't make no plays, I got runners
You ever play and I'ma kill your mama
Ain't noth but lions in my circle straight hunters
Mob me, we have minute hummers
Turnt up with that pack I do numbers
Blood thirsty bitches like the runners
She green eye, all she sees is money
