Hey, hey some missionary  
Boil at 100 degrees  
No one before has ever known what you're after  
But who wants to know?

Standing here I've always known that you wanted to get  
your hands onto my place  
Forsaken I know she's got a bad time coming  
But who wants to know

Ease yourself down on me

Overrising, washing me down again  
Overrising, washing me down and now you're dragging  
me out

Holding me down and now you'll obviously strip me

Of all the possessions I own  
Nobody cares as long as you can remember  
That he's the only God who drops you down

Ease yourself down on me

Overrising, washing me down again  
Overrising, washing me down and now you're dragging  
me out

Overrising, washing me down again  
Overrising, washing me down and now you're dragging  
me out

Overrising, washing me down again  
Overrising, washing me down and now you're dragging  
me out
