*[Verse 1 (rap)]*

I just wanted to say thank you  
for teaching me the things  
I couldn't have learned without you  
and I know that you're watching over me  
so tell me  
did I turn out to be everything that you hoped I'd be  
I just wish I had a second chance to say  
that I love you  
'cause I didn't  
before you passed away  
I hope you know how many lives you touched  
your memory lives in all of us  
I miss you so much

*[Chorus]*

One final breath  
between you and I one final test  
when I looked into your eyes  
this is what you left  
all I am inside  
with one final breath  
you gave me life

*[Verse 2 (rap)]*

Just the other night  
you visited me in a dream  
you looked as healthy as ever  
the best I've ever seen  
you stood there in the light  
surrounded by a sea of green  
it was a beautiful place  
where only love could breathe  
then you took me by the hand

and told me silently that objects in the mirror may be  
closer than they seem  
and I thanked you with a smile  
for reminding me  
you didn't have to speak  
'cause I heard every word  
your message was clear and you can be rest assured  
that I'll teach all the rest the best of all that I've learned  
your death gave life to me

and I've turned into the best person that I can be  
court's adjourned  
*[Chorus]*  
*[Bridge (sing)]*  
Now I live my life for you  
*[Verse 3 (rap)]*  
To the greatest teacher I've ever known  
from beyond you showed me that I'll never be alone  
and I've grown beyond my years  
these tears are here to show you that I've conquered  
the fear  
let us not grieve over your death  
but celebrate your life  
and let you rest  
a life with no regrets  
just love and happiness  
you taught us this and now bliss manifests  
*[Chorus]*
