More and more i'm thinkin' 'bout s-s-sex  
The more i think the better it gets  
More and more i'm thinkin' bout s-s-sex  
The more i think the worse it gets

But my baby loves to rock  
And my baby loves to roll  
My baby loves to all night long  
My baby loves to rock

She loves to rock  
She loves to rock  
She loves to rock

But my baby loves to rock

And my baby loves to roll  
My baby loves to all night long  
My baby loves to rock

She loves to rock  
She loves to rock  
She loves to rock

In the morning, in the evening  
In the summer, in the winter  
In my car, in the night, in an airplane  
Not in russia!

She loves to rock, she loves to rock  
She loves to rock, she loves to rock  
She loves to rock

More and more i been thinkin' 'bout love  
Love ain't all i been thinkin' of
