### "Close Your Eyes"

Visit "[Close Your Eyes](#)" on [MotoLyrics.com](http://MotoLyrics.com)

In your eyes I can see that you're cracking up  
In your eyes I can see that you've had enough  
And it pains my head

In your eyes I can see that you're cracking up  
In your eyes I can see that you fell in love  
And it pains my head

(What if a thought was)  
In your eyes I can see that you're cracking up  
And it pains my head  
(What if a thought was)  
In your eyes I can see that you fell in love  
And it pains my head  
(What if a thought was)  
In your eyes I can see  
Coming to me  
And it pains my head  
(What if a thought was)  
In your eyes I can see  
Coming to me  
And it pains my head

I'm in this love, I'm in  
I'm in this love, I'm in this love  
I'm in this love, I'm in  
I'm in this love, I'm in this love

Should I love, should I wait?  
(I turn the lady your on, I turn the lady your on now)  
When I've found, love is in the hands of time  
(I turn the lady your on, I turn the lady your on now)  
Should I love, should I wait?  
(I turn the lady your on, I turn the lady your on now)  
When I've found, love is in the hands of time  
(I turn the lady your on, I turn the lady your on now)

[Musical interlude ~ 100 secs]

What if it all were to change like I thought it would  
What if it all were to change like I thought it would

What if it all were to change like I thought it would  
(What if it, what if it all were to change like I thought it  
would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)

What if it all were to change like I thought it would  
(What if it all were to change like I thought it would)
