You're coming on strong
You're shining your gun
Like a setting sun

You're the devil in me I brought in from the cold
You said your body was young but your mind was very
old
You're coming on strong and I like the way
The visions we have are fading away
You're part of the life I've never had
I'll tell you now it's just too bad
I'll tell you now it's just too bad
I'll tell you now it's just too bad
I'll tell you now it's just too bad
I'll tell you now it's just too bad

You're coming on strong
You're shining your gun
Like a setting sun

You're coming on strong
You're coming on strong
You're shining your gun
Like a setting sun

You're the devil in me I brought in from the cold
You said your body was young but your mind was very
old
You're coming on strong and I like the way
The visions we have are fading away
You're part of the life I've never had
I'll tell you now it's just too bad
I'll tell you now it's just too bad
I'll tell you now it's just too bad
I'll tell you now it's just too bad
I'll tell you now it's just too bad
