(Fatlip)

Hello boys and girls, my name is Fatlip
And this is my friend, Sammy the Salmon *****(What it
do?) ***
Today we're gonna teach you some fun facts about
salmon,
and a brand new dance.

Let me introduce to you a brand new dance
I know you're gonna love it if you give it one chance
It's not complicated, It's not too hard
You don't even have to be a Hip-hop star
See, anyone can do it, all you need is style
Listen up please gang, I'm a show you how
Put ya hands to the side as silly as it seems
And shake your body lika Salmon floating upstream

{Chorus}

I'm floating Upstream
You know how we do it, you how we do it,
again

(Sammy the Salmon)

All my peeps spend part of their life in fresh water and
part of their lives in salt water.

(Fatlip)

Wow, very interesting

They change a couple of days after spawning, then we
die

When I first did the salmon, all the people just laughed
They looked around and stood like I was on crack
I heard somebody say outloud what the fuck is that
This nigga's dancing like a fish while he's doing the
snap
But the more I kept doing it, the more they be feeling it
And then I heard some bitches say yo that nigga's
killing
By the end of the night, everyone was on my team and

the whole club was dancing lika salmon floating
upstream

{Chorus}

I'm floating Upstream

You know how we do it, you how we do it,
again

(Sammy the Salmon)

Most of our friends find their home waters by sense of
smell which is even more keen than that of a dog or a
bear

(Fatlip)

Wow

(Sammy the Salmon)

My family also rely on ocean currents, tides (uh) the
gravitational pull of the moon

(Fatlip)

The moon? Fish pay attention to the moon? Wow (I'm
floating upstream again) Who knew?

(Sammy the Salmon)

Did you know...

(Fatlip)

What?

(Sammy the Salmon)

That I can go to Japan and back

(Fatlip)

You're kidding. Amazing. Gezz.

(Sammy the Salmon)

Polluted water can kill both baby salmon that are
developing and the adult salmon that are on their way
to spawn."

(Fatlip)

Wow, what a shame. What a shame. Huh.

Wow

Hey, kids, give it up for Sammy the Salmon
and his amazing salmon dance.

Huh, what ya say?

Alright. Who's hungry?
