All the tales you've been tellin from the start
Said em loud but I never believed em
I wore an old band of black around my heart
I wore a frown but it never relieved me

Suddenly I got everything I want
Yeah once again we can see the big picture
It's gonna take all the good in all of us
To tear away all the damage you did here.

And I recall, if I remember the sound
If you could make me smile, it's like a
Dream
And I remember the?

We'll send you off in a rotten leaky boat
With all the lies we could never deliver
We'll float away and we'll never forget
We'll never trust and we'll never forgive ya.

And I recall, if I remember the sound.
If you could make me smile, it's like a dream
And I remember the?

The saddest times and the worst times suited you well.
x4

The dispossessed and the poor times suited you well.
x2

Yeah all the pain and the hard times suited you well.

Yeah all the?fares? and the hate crimes suited you
well.

The overboard and the downtrodden suited you well.

The dispossessed and the poor times suited you well.

The devastated the? suited you well.

The saddest times and the worst time suited you well.

The saddest!
