Tonight the  
Tonight the hills are watching her  
As she runs towards the sea  
Yeah, she runs so she be free

And of all the friends and enemies  
She's made along the way  
They are no where in her thoughts  
As she dives beneath the waves

And he's the one  
That you've seen sometimes on TV  
And his shirt is on the ground  
While he's tackled by police

And the parcel that he throws  
Across the bridge into the creek  
It'll flow towards the sea  
It will meet with her tomorrow

No place, some time  
We'll clear our eyes  
And when you're down  
I'll come around

And all the places  
She's been along the way  
Flames are licking at their walls  
Night glows with their remains

From far away, the animals come  
Gather round to see  
But she knows not how they feel  
And she knows not what it means

When she was young  
We'd ask her what she'd like to be  
And she'd close her eyes and dream  
Now we're no where in her thoughts  
As she dives beneath the waves

A place I've found

Could be all ours  
But I've seen where  
You would rather be
