All the promises we've been given  
All the fires that we've feedin'  
All the lies that we've been livin' in

All the promises... promises... promises... promises...  
promises... promises

All the promises we've been given, given, given  
All the fires that we've feedin', feedin', feedin'  
All the lies that we've been livin', livin', livin'  
Am I the only one that's still believin'

Wouldn't it be nice if we  
Could leave behind the mess we're in  
Could dig beneath these old troubles return  
To find something amazing

And wouldn't it be cool if we  
Sail this ship to calmer seas  
Turn our backs on bush fires burn.  
Leave it on the coast

All the promises we've been given, given, given  
All the fires that we've feedin', feedin', feedin'  
All the lies that we've been livin', livin', livin'  
Am I the only one that's still believin'

I can see you're in it to go  
I think we knew this day might come  
I hope you'll find what we never ooh  
Could never seem to love  
But if you find just one reason to return  
You'll find me open arms

All the promises we've been given, given, given  
All the fires that we've feedin', feedin', feedin'  
All the lies that we've been livin', livin', livin'  
Am I the only one that's still believin'

Wouldn't it be nice, if we

Wouldn't it be nice
