When you pray with every breath You know that is free
as the love you have Where does it end It's too much
for me to take There's no peace, you close your eyes
I'm all out of truth, I'm outta alibis Where does it end
It's too much for me to take [Chorus] We're gonna love
one another 'til morning comes Seek the sweet
salvation for what we've done Give up resisting one by
one One by one He gives a new kinda meaning to what
I am I know that I could never love any other man One
of these days you'll understand Understand And his
face his heaven sent He makes me believe there must
be something else Where does it end It's too much for
me to take I can feel the need in you There isn't a thing,
I want you do Where does it end It's too much for me to
take [Chorus x2] We're gonna love one another 'til
morning comes Sweet salvation for what we've done
Give up resisting one by one One by one We're gonna
love one another We're gonna love one another Give
up resisting one by one One by one
