Little sign of manhood, where did you go?  
The edge of the yard  
I found you, you know  
All brown and hard

I can't get your body out of my mind  
I can't get your body  
I can't get your body out of my mind  
Can't get your body

She goes smooth through my body, yeah  
Through my body she goes smooth  
She goes smooth through my body, yeah  
Through my body she goes smooth

Little killer froggy, where did you hop?  
Under the entertainment center  
Realize you just couldn't stop  
Worms found a hole in your booty they could enter and

I can't get your body out of my mind  
I can't get your body  
I can't get your body out of my mind  
Can't get your body

You goes smooth through my body, yeah  
Through my body you goes smooth  
YOu goes smooth through my body, yeah  
Through my body you goes smooth

Hey little lizard, where did you slink?  
Left your cage door open  
Under the basement sink  
The drippin' water made your moulded body eyes open  
and

I can't get your body out of my mind  
I can't get your body  
I can't get your body out of my mind  
I can't get your body

Can't get your body out of my mind

Can't get your body  
Can't get your body out of my mind  
I can't get your body

Can't get your body out of my mind  
I can't get your body  
Can't get your body out of my mind  
I can't get your body
