A little blind spider took the wheel
Navigatin' grass blades completely by feel
Got a sassy chassis, sparklin' in the sun
All four small bald fat tires
Rockin' through the sand and burnin' up

Little dune buggy in the sand
Little blue dune buggy in my hand

I got a rubber band motor hummin' on a beach, ready
for fun
Quit spinnin' and webbin', come out play in the sun
Eight thimble sized cylinders, be as smooth as you
please
Spider's bad ass fat old abdomen stuck in the buggy
seat

Little dune buggy in the sand
Little blue dune buggy in my hand

Squishy transmission was caught in drive
Spider man was squinting at the sand in the sky
Spider woman in the front seat, screamin' go, go, go,
He's ridin' the accelerator down to the floor with his
fuzzy little toe

Little dune buggy in the sand
Little blue dune buggy in my hand

Little dune buggy
Little dune buggy
Little dune buggy
