You don't need nothing  
Don't need nothing  
Don't need nothing from me  
You shoot out evil rays

You say you don't love  
Don't love, don't love me no more  
But you told a different story yesterday

You took a trip, you took a trip  
And didn't bother telling me  
That you were going away

You say you don't owe me  
Don't owe me no explanation  
But you've got something to say

You got nothin' in your mind but love  
You got nothin' in your mind  
You got nothin' in your mind but love  
You got nothin' in your mind

I had a bouquet  
Had a bouquet of big bright red flowers  
But they had turned all gray

I had a mansion and a car  
That had a private shower  
But you have thrown it all away

I pound and pound  
And pound and pound upon your door  
And wonder when your coming out to play

You open on just enough  
For me to listen to you whisper  
That I better back away

You got nothin' in your mind but love  
You got nothin' in your mind  
You got nothin' in your mind but love  
You got nothin' in your mind

Let's take a trip  
Let's take a trip  
Let's take a trip together  
Let's go and throw it all away

I know you love me  
When you show me and you rub me  
But the love we had  
Just gotta go away
